fattoria di vibio

salone degli ulivi

Working without stress, forgetting about traffic and not hearing any noise - this is no utopia. The Fattoria di Vibio is a country resort in the heart of Umbria in the hills near Todi, easily accessible from Rome and Florence. Its location makes the Fattoria ideal for companies and businesses which want to run meetings, workshops, professional refresher or training courses and small conventions.

In the middle of a Nature Reserve and equipped with all the latest comforts, the Fattoria allows both trainers and delegates to attain the perfect level of concentration required for their work commitments, and then relax and recharge batteries after a long and busy day by taking care of the body in the Oasi Benessere or by enjoying the fabulous, traditional dishes prepared in the restaurant.

The Salone degli Ulivi is a multi-purpose hall, designed to host cutting edge meetings in an unspoilt natural ambience. It is surrounded by olive trees and has huge windows that allow breathtaking views of the valley of Monte Peglia. A state-of-the-art air conditioning system and the open fireplace complete the room. The Fattoria di Vibio offers made-to-measure packages for businesses, based on individual requirements. Numbers of participants may vary, conference room staff and interpreters can be provided, different arrival and departure times can be accommodated and breakfast and dinner times individually arranged.
